ANDEN'S NEW YORK TRIP CALLED OFF

Lee Anden's Chicago to New York trip was suddenly halted shortly after 2 A. M. today when he was taken off the through New York Central passenger train number 36 and placed under arrest by Gary police officers on a charge of transporting liquor in violation of the state liquor law.

According to train officials Anden who resides at 504 Maxwell street, Chicago, got on the train in Chicago, holding through tickets to New York.

The conductor of the train stated that Anden was intoxicated and caused quite a commotion over \$175 which he claimed he gave to the Pullman conductor to keep. The money, however, was found under a pillow in Anden's berth. Two quarts and two pints of liquor was found in his grip.

Anden was still in a nasty mood this morning when he was taken off the train for the world at large. His mood did not help him out of his difficulties, however, as he was found guilty of violating the state liquor law before City Judge William Dunn and fined a sum of \$150.

In making the run to the M. C. station the patrol was damaged to some extent when the driver was blinded by the crossing lights and in making the turn into the driveway the top of the patrol struck a telephone pole guided wire, catching the top of the patrol.

GARY NEWS

SEVENTY-ONE RUNS IN DECEMBER

Members of the Gary fire department had a busy month during December, establishing a record for monthly fire runs.

Seventy-one runs were made according to Secretary Dave Grant in a preliminary report yesterday. There was only one serious loss, and that was the Gary Post-Tribune fire a week ago. Mr. Grant is now preparing his interesting annual report.

Special Judge Davis found Mike Radinkowski, 1224 Jefferson street guilty of violating the state liquor law. A \$100 fine was assessed at Mike's place by the police. He was fined \$100.00. Bias Lu was represented all of the defendants.

ARRESTED AND FINED WHILE ON HUNTING TRIP

The next time Henry Jadinsky goes on a hunting trip, it is a safe bet that he will see that his gas tank is filled. While Henry's tank was filled in Michigan City, Ind., on account of no gasoline, he was arrested on a charge of violating the state liquor law.

When arraigned in the Michigan City court, Jadinsky told the judge that he had purchased the liquor in Gary. In the course of the testimony it was found that the defendant purchased two gallons of liquor and 19 pints of home brew in Gary last Saturday.

The court found him guilty and assessed a fine of \$100.

HAD GUN; FINED \$35.

Judge William Dunn found Geo. Fisher guilty of carrying concealed

COMPLAIN OF SLAUGHTER HOUSE

An open air slaughter house, on China avenue road, between Gary and East Chicago where pigs are being slaughtered by several foreign-born, has been called to the attention of Gary police and health officers who have instituted an investigation.

Although complaints have been made to officials of both cities nothing has been done to put a stop to the sickening sights until this time. One Gary man who registered a complaint yesterday stated that children stand by and watch pigs slaughtered and are put by the roadside until carted away.

According to information East Chicago has an ordinance prohibiting the slaughter of animals within the city limits and for that reason the East Chicago men come across into the Gary line to do their slaughtering.

CITY EMPLOYEES HAVE HOLIDAY

It was a costly accident for three Chicago colored men at Fifth avenue and Adams street this morning when a big Chrysler car in which they were riding plunged into a post. Police who were called found liquor in the car and arrested them on a charge of violating the state liquor law. It is also believed that the car they were driving is a stolen machine. They were booked as Edward Wells, Joe Harris and Leon Lyson.

ARREST ANOTHER WIFE BEATER

On a warrant sworn out in Judge Dunn's court yesterday, Joe Erdell, 2517 Tyler street, Gary, was arrested last night on a charge of wife beating.

BANDITS DO SPEEDY WORK GET \$27,000

(INTERNATIONAL NEWS SERVICE) CLEVELAND, O., Dec. 30.—Working with lightning speed, five armed bandits within an hour this morning held up two plants in separate parts of the city and escaped with approximately \$27,000 in cash.

After entering the offices of the Fery Cap and Setacrew company shortly after 9 o'clock, holding up twenty clerks, and shoveling nearly \$20,000 into a valise, they escaped in an automobile and a few minutes later held up and robbed the paymaster of the Ohio Bulck company taking a pay roll of \$7,450 and an automobile, bearing Ohio license 3183 and escaped.

Police flying squadrons are searching every road and alarm have been sent out to all surrounding cities, but police believe that the bandits are still in the city.

GREATEST YEAR FOR HAMMOND

(Continued from Page One.)

"Back in 1922 when the packing house moved away and left the city without an industry Billy Gostlin, Murray Turner and myself took a property on a falling market. Well, our faith in the town was justified but it was years before Hammond really started to grow and it is only in the last few years that her real future became apparent. We used to believe that this would be the world's greatest industrial district but it seemed like a dream. Now we know it is. I have always been an optimist but at the same time I have tried to guard against being visionary. It is a matter of personal satisfaction to realize now that the dreams of years ago are coming to pass and that out of the little packing house town that seemed doomed to squalor and poverty when its one industry moved away has grown a city that is becoming rich, prosperous and powerful."

Mr. Moyn and his associates have been instrumental in locating many industries in Hammond and during the past year his real estate firm was very active and successful. Reviewing the events of 1922, a year that opened with industrial depression and is closing in a return of good times, Mr. Moyn pointed out the following important items:

COMPLIMENTS TIMES

1. On the first of January of this year came the announcement that the Jones & Laughlin Steel company had taken option on 1,200 acres of land as the site for a steel mill on the north side of Hammond. This deal is still held up by the claim of the state of Indiana to submerged land but the plans of the J. & L. Co., have not been changed. The Lake County Times sent a reporter to Pittsburgh to interview the president of the Jones & Laughlin Co., and as a result of the interview a premature real estate boom which would have had a bad reaction was prevented. The Times man learned that the steel plant would not be built for three or four years that the Commonwealth Edison company had purchased twelve acres of lake on the lake front in Hammond for \$200,000. Samuel Insull, president of the Commonwealth Edison, told a Times reporter that the company would build the world's largest generating power station on the site. In this connection it is presumed that power for the electrification of all of the railroads entering Chicago from the south and southeast will be supplied by this station.

2. Announcement that the bondholders and financial powers of the railroads entering Chicago are planning five big freight and passenger terminals around the city, the largest to be located at Griffith and another at Porter, Ind., eliminating the Monon, Erie and Gibson yards.

3. Announcement that the bondholders and financial powers of the railroads entering Chicago are planning five big freight and passenger terminals around the city, the largest to be located at Griffith and another at Porter, Ind., eliminating the Monon, Erie and Gibson yards.

4. Purchase of fifteen acres on Columbia avenue by the New York Car Wheel Co., on which a plant was immediately constructed and where 300 men are now employed, turning out as many car wheels as are made by 800 men in the Buffalo plant, owing to more modern methods.

5. Sale of old Hohman estate on N. Hohman street to the Hydrex Co., which is being built \$200,000 station from which the company will distribute their products by motor truck as far south as Indianapolis.

6. Purchase of five acres of land by the National Fireworks Co., at Calumet Park.

7. Purchase of fifteen acre site on Summer street by the Damascus Crucible Steel Castings Co., on which two steel factory buildings are being erected by the Tri-Cor Steel Co. of Youngstown.

8. Sale of seventy-four acres of land in Hegewisch to Henry Ford who has let the contract for a factory building 600 feet by 1,400 feet to the Great Lakes Construction Co. which has commenced work on the structure.

9. Merger of the Chicago Junction railroad with the Indiana Harbor Belt as part of the New York Central lines.

10. Construction of deep sewer and intercepting sewer systems by the city of Hammond and the building of a waterworks system with capacity for a city of 125,000.

11. Change in management of the Nickel Plate railroad which has purchased land in Calumet district and has interested eastern capital in its development.

12. The beginning of the building of the big steel tube mills of the National Tube Co., at Gary.

13. Opening of wonderful system of concrete roads in Illinois bringing trade to Hammond from many villages and towns and making it advantageous for people employed in Illinois to live in Hammond.

14. Defeat of the attempt to stop the annexation of Heaville and the beginning of development in that territory.

15. The beginning of the reconstruction of Hammond Chamber of Commerce.
